Racial Diversity in the Pipeline

Paradigms and perspectives

Underrepresentation of Black and Hispanic trainees in allergy and immunology training and certification pipeline

Mahboobeh Mahdavinia, MD, PhD,^a Amal Assa'ad, MD,^b and Michael R. Nelson, MD^{c,d} *Chicago, Ill; Cincinnati, Ohio; Charlottesville, Va; and Philadelphia, Pa*

Thoughts for Discussion

Matching our Pipeline to our Goals and Objectives

- Serve the allergy and immunology patients
 - In different states
 - Around the world
- Improve the lives and achieve the aspirations of medical trainees
- Improve the lives and work of Program Directors
- Advance science and knowledge

Matching our Pipeline to our Goals and Objectives

- Do we need
 - More A/I programs?
 - More positions at each program?
- Less or more heterogeneity in program?
- Examining the specialty
 - Pediatric vs adult vs both
 - Allergy vs immunology vs both
