Military Allergy Program <T><V>

0001 27th Annual Harold S. Nelson Allergy/Immunology Symposium

7:20 am to 5:00 pm

Convention Center, Concourse Level, 210AB

Pre-registration and ticket required. No fee. Continental breakfast and box lunch included.

Credit: 8.00 CME / 9.60 CE

Moderator: Thomas Backenson, MD

7:20 Registration and Breakfast

7:50 Welcome and Overview

Thomas Backenson, MD

8:00 Morning Address: Update in Mast Cell Biology and Mast Cell Disorders

Todd Wilson, DO

9:00 Break

Fellow Research Presentations

9:15 A Variable Compass: Practice Parameters and Strength of Recommendation Data

Taylor Banks, MD

9:40 San Antonio Pollen Counts: A 3 Year Review

Howard C. Crisp, MD

10:05 Cost-effectiveness of Screening for Complement Deficiency after the First Episode of Meningococcal Infection

Gina D. Kubicz, MD and Gil G. Magpantay, MD

10:30 Hymenoptera Venom Hypersensitivity Evaluation (HVHE “Heavy”)

Wayne O. Wolverson, DO

11:00 Vaccine Healthcare Center Update

Renata J. M. Engler, MD FAAAAI

11:30 Lunch and Bruton Lecture: VA Disability and Allergic Disease

Chester R. Zeiss, MD FAAAAI

Fellow Case Reports

1:00 A Novel Case of Hypereosinophilic Syndrome Effectively Treated with Omalizumab

Gil G. Magpantay, MD

1:20 Hypereosinophilia Caused By Indolent Presentation of Strongyloidiasis

Tiffany J. Owens, MD

- 1:40** **Delayed Anaphylaxis in a Basic Military Trainee**
David Rose, MD
- 2:00** **A Pediatric Case of Hypogammaglobinemia in a Patient with Fanconi Anemia: A Case Report and Review of the Literature**
Julia Savitz, MD
- 2:20** **IgE specific to Oxycodone Identified by ELISA Inhibition in a Young Woman with Symptoms of Anaphylaxis Following Oral Ingestion: First Case Report of Oxycodone-Mediated Anaphylaxis**
Daniel A. Steigelman, MD

2:45 **Break**

- 3:00** **Military Aeroallergen Extract Laboratory Updates**
Susan E. Kosisky, BS, MHA

Consultants to the Surgeons General Updates:

- 3:30** **VHA Allergy Committee**
Joseph S. Yusin, MD FAAAAI,
- 3:45** **Air Force**
Stephen Eric Scranton, MD
- 4:00** **Army**
Michael R. Nelson, MD PhD FAAAAI
- 4:15** **Navy**
Mark H. Tucker, MD

4:30 **Business Meeting and Award Presentations**

Upon completion of this session, attendees will be able to: Understand current concepts in mast cell biology; Identify, evaluate and treat conditions along the spectrum of mast cell activation syndromes; Identify the VA disability evaluation process as it relates to those conditions commonly managed by the Allergist.
